

NOTICE

To motivate and attract the talented students, the Institute will start awarding the 'Honors' degree to the bright students in both the branches viz. Computer Science and Engineering and Electronics and Communication Engineering with 'Major' in one of the following disciplines [B.Tech(Hons) in CSE/ECE with Major in one discipline]:

- a) Artificial Intelligence
- b) Data Science
- c) Machine Learning
- d) Cyber Security
- e) Internet of Things
- f) Robotics

The purpose is to enable the students to have more exposure and opportunities in higher studies, internships and placements. A student needs to satisfy minimum eligibility criteria to opt the scheme. To opt for Honors, a student must possess a CGPA of '8' or more, and have no backlog by end of 4th semester and should continue to possess a CGPA of '8' or more with no backlog at the end of each subsequent semester. A student shall earn at least 12 (twelve) more credits over and above the regular B.Tech program as well. This scheme will be applicable to the batches admitting from 2020 onwards.
